Sustainable approach.
Positive impact.

Previous Chancerygate development

We take a forward-thinking approach to minimise our impact the environment, from design and construction through to operation. Working with leading sustainability consultants, Chancerygate embrace the latest technologies and methods to achieve future-proof solutions.

Green initiatives at Axis Park include:

- Photovoltaic panels on all units*
- Air source heat pumps
- High performance insulated cladding and roof materials
- Highly efficient LED lighting
- Low air permeability design
- Electric vehicle charging points
- Secure cycle parking
- 15% warehouse roof lights increasing natural day light
- Landscaped communal areas enhancing biodiversity
- External wellbeing areas

*Potential savings of up to £0.72 per sq ft per annum through use of PVs based on using current energy prices as of July 2025 and assuming 100% PV generation is used on site.
